

Pest Baits & Traps

Hang traps in fruit trees for orchard pests or place in a hole with top at ground level to trap slugs.

Vinegar Trap

- ***2 cups apple cider vinegar***
- ***1 tsp plain dish soap***

Yeast Trap

- ***2 cups water***
- ***1 Tbsp bread yeast***
- ***2 Tbsp white sugar***

Combine ingredients and pour into a clear plastic cup. Place a lid or plastic over the top and poke small holes in the top, large enough to allow the pest to enter. Check daily and remove if beneficial insects are being trapped.
